OUR APPROACH

Sky Island focuses on investing in opportunities where we can support our management teams in driving transformational change through rigorous operational initiatives and complementary and accretive add-on acquisitions. We also thrive in complex situations and see opportunity where others see problems.

PORTFOLIO

MSC Material Sciences Corporation

Acquired: March 2019
Headquarters: Canton, Michigan

Add-on Acquisitions

Acquired: June 2019

Produces advanced materials and specialty coated metals that are engineered to address lightweighting, noise, vibration, and harshness (“NVH”), corrosion, architectural, and aesthetic needs for a wide variety of end markets including transportation, building products, packaging, and consumer goods.
